**Welcome to the network of the future!!!**

Living Networks from airtango are the platforms where regional and global contents are combined within a personalized and tailored network. This flexibility and dynamics offer significant added value for all stake holders involved e.g. airtango partners increase the attractiveness of the site for their customers and guests, affiliates benefit from the new precision in their communications with the end customer and users will take advantage of personalized infotainment and individualized offers.

airtango Living Networks changes our way of living, thinking and working together with increasing our creativity. It enhances our digital reach and at the same time makes it possible to focus more on the concrete personal environment.

To strengthen our team, we are looking for a
